BIOFUELS 2011

6th Annual Meeting

CAPITALISE ON GLOBAL BIOFUELS OPPORTUNITIES

PRE CONFERENCE WORKSHOPS

11 October

BIOFUELS CONFERENCE

12-13 October

KEY PANEL MEMBERS:

Shell, General Manager Alternative Energies and Fuel Development Strategy, Arthur Reijnhart

Total Refining & Marketing, Director of Biofuels and Regulations, Philippe Marchand

Neste Oil Corporation, Manager, Tarja Myllymäki,

PKN ORLEN, Director of Biofuels Department, Robert Gmyrek

Toyota Motor Europe, Senior Specialist, Regulatory & Technical Affairs, Fuel & Biofuels, Dorothee Lahaussais

Airbus, New Energies Programme Manager, GDD – Environmental Affairs, Frederic Eychenne

European Commission, Adviser for Energy, Climate Change and the Environment, Dr Pierre Dechamps,

WHY THE BIOFUELS 2011 IS FOR YOU:

- ◆ Two streams addressing the key issues affecting **bioalcohol** and **biodiesel** production and advances
- ◆ Valuable insights into how to **commercialise your biofuel project** from **leading oil majors** and **biofuel producers**
- ◆ Meet and network with more than **200 senior level attendees** representing over 20 countries across the globe
- ◆ Hear **brand new project updates** from the UK, Netherlands, France, USA, Czech Republic, Brazil, Argentina, Malaysia, Finland, Sweden, Germany, Norway and many more
- ◆ **Devise your business strategy for 2012** and beyond – Biofuels 2011 will report the most recent information crucial for your plans next year

Principal Sponsor:

Official Sustainability Sponsor:

Sponsors And Exhibitors:

“ Well organised, structured event giving excellent opportunity to interact with segment stakeholders and promoting sustainable solutions ”
Maks Neugarten, Business Development Director, **Novozymes**

WELCOME

Biofuels 2011 is the only event dedicated to overcoming the key issues of **sustainability, commercialisation challenges, legislation requirements** and **biofuels innovation**.

The conference will focus on a biofuels industry undergoing growth and development with **new projects** underway around the world, significant **corporate investments** being made as well as new legislative developments and **government targets**. Covering all these issues with a topical and focused agenda, Biofuels 2011 features streamed sessions centered on **bioalcohol and biodiesel production and markets**.

The event will unite the world's **entire biofuels value chain** with over **200 industry experts** from oil majors, biofuel producers and blenders, policy makers, key associations, feedstock growers, enzyme and plant technology providers, investors, chemical companies and end users, bringing them together to define the future of the biofuels industry.

A combination of **strategic, technical, market and commercial intelligence sessions** will provide you with an up-to-date picture of the global biofuels industry and ensures you will take away knowledge to grow and strengthen your business.

Biofuels 2011 is the market's leading **multi-streamed, global industry** event, handing you and your team the opportunity to develop your strategy within **bioalcohol and bio and renewable diesel**. In addition, a variety of networking opportunities provides you with an excellent chance to develop business contacts and get the information you need from industry experts.

We look forward to welcoming you in Amsterdam to join the stimulating debate and discussion at Biofuels 2011.

Karen Magnusson

Karen Magnusson
Conference Director
World Refining Association

5 KEY REASONS TO ATTEND BIOFUELS 2011

- 1. Networking:** Meet industry experts and leaders in the global biofuels industry
- 2. Learning:** Hear the latest developments and information from biofuels producers in Europe and across the world
- 3. Global context:** Understand how developments in Europe, USA, South America, Asia and developing biofuels markets will impact your business
- 4. Comprehensive:** Hear technical and strategic business solutions for bioalcohol and biodiesel production in dedicated, focused break-out streams
- 5. Capitalise:** Claim market and commercial intelligence to strengthen your business position in the expanding biofuels market in 2011 and beyond

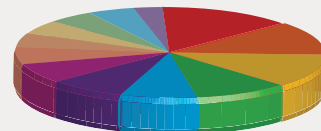

WRA BIOFUELS 2011 AWARDS

Following the close of the first day of Biofuels 2011, The World Refining Association will present their prestigious awards. The 2011 award categories reflect the many outstanding contributions to this fast growing and dynamic industry.

WHO WILL ATTEND BIOFUELS 2011

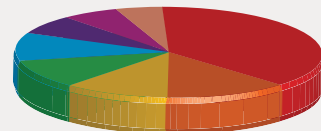

Network with over 200 of the market leaders from the leading oil majors, biofuel producers and blenders, policy makers, key associations, feedstock growers, technology and solution providers, investors, power companies, chemical companies, and end users

By industry sector

| | | | |
|---|-----|------------------------------------|----|
| Oil Majors | 14% | Plant technology providers | 7% |
| Bioethanol producers | 12% | Biogas producers | 6% |
| Biodiesel producers | 12% | Chemical companies | 5% |
| Automotive, aviation, freight, public transport organisations | 10% | Power companies | 5% |
| Investors | 8% | Feedstock suppliers | 5% |
| Enzyme technology providers | 8% | Consultants | 5% |
| | | Government, Associations, Academic | 3% |

By industry seniority

| | | | |
|---------------------------------|-----|----------------------------|-----|
| CEO, MD, Director | 38% | Project Manager | 10% |
| Head of Biofuels Strategy | 12% | Head of Renewable Energy | 6% |
| Head of Business Development | 12% | Technical Director/Manager | 6% |
| Sustainability Director/Manager | 10% | Biofuels Broker / Trader | 6% |

UNIQUE NETWORKING OPPORTUNITIES TO MEET BIOFUEL LEADERS AND EXPERTS

BUSINESS CARD EXCHANGE: At the start of the conference, delegates are given an opportunity to formally meet their industry colleagues and biofuels experts. Business cards are exchanged and key relationships initiated that can be cultivated throughout the event and beyond.

NETWORKING OPPORTUNITIES: With an awards ceremony, networking drinks reception, 3 lunches and 6 coffee breaks, there are plenty of opportunities offered for you to catch up with your peers, meet industry experts, speak with influential decision makers and secure new business leads.

ROUNDTABLE DISCUSSIONS, PANEL DEBATES AND Q&A SESSIONS: Expert chairpeople and roundtable leaders have been selected to manage specific discussions. Select a table of your choice during the roundtable session and join interactive and informal industry discussion. Make sure to take advantage of Q&A sessions in order to get your questions and concerns answered by industry experts and leaders.

We are now accepting nominations for the WRA Biofuels 2011 Awards. If you would like to nominate a company please email Karen Magnusson with your suggestion. 2011 award categories include:

- ◆ **Bioethanol corporation of the year**
- ◆ **Biodiesel corporation of the year**
- ◆ **Biofuels technology of the year**

“Excellent conference, with relevant, up to date discussion topics”
 Jim Woodger, Sales Manager, UOP

11-13 October 2011,
AMSTERDAM, THE NETHERLANDS
www.wraconferences.com/biofuels

BIOFUELS 2011 PROGRAMME AT A GLANCE

| PRE CONFERENCE WORKSHOPS: TUESDAY 11 OCTOBER 2011 | |
|---|--|
| 09:00 | Biofuels sustainability policy, certification schemes and iLUC |
| 13:00 | Lunch and networking |
| 14:00 | Achieving efficient and cost-effective biofuels operations |
| 17:15 | Biofuels 2011 welcome drinks reception |
| CONFERENCE DAY ONE: WEDNESDAY 12 OCTOBER 2011 | |
| 09:00 | European biofuels update |
| 10:30 | Morning coffee |
| 11:00 | BIOALCOHOLS STREAM: Commercialisation and project challenges facing bioalcohol producers BIODIESEL STREAM: Analysing global biodiesel market dynamics and commercialisation of biodiesel products |
| 12:30 | Lunch and networking |
| 14:00 | BIOALCOHOLS STREAM: Advanced bioalcohol and cellulosic ethanol production strategy and technology update BIODIESEL STREAM: Producing advanced biodiesel and developing new opportunities – the latest strategic and technological changes |
| 15:30 | Afternoon coffee |
| 16:00 | Global commercial opportunities for the European market |
| 17:30 | Evening drinks reception and WRA Biofuels Awards 2011 |
| CONFERENCE DAY TWO: THURSDAY 13 OCTOBER 2011 | |
| 09:00 | Biofuels and aviation |
| 10:30 | Morning coffee |
| 11:00 | Biofuels and sustainability |
| 12:30 | Lunch and networking |
| 14:00 | BIOALCOHOLS STREAM: Assessing feedstock developments and the role of complementary markets in bioalcohol production BIODIESEL STREAM: Successfully producing advanced diesel biofuels and assessing feedstock developments in biodiesel production |
| 15:30 | Afternoon coffee |
| 16:00 | Roundtable discussion sessions |
| 17:00 | End of conference |

SPONSORSHIP AND EXHIBITION OPPORTUNITIES

Sponsoring BIOFUELS 2011 will give your company an unrivalled opportunity to showcase your product or service to over 200 highly qualified industry experts.

- ◆ Meet the key decision makers from the world's leading oil majors and biofuel producers
- ◆ Position your company as a thought leader in this dynamic industry and demonstrate your leadership expertise
- ◆ Capture new prospects from the entire biofuels value chain whilst enhancing your corporate profile with existing clients
- ◆ Increase your brand recognition with a global decision making audience
- ◆ Add qualified leads to your sales pipeline by meeting prospective clients

Whether you are looking to build awareness, generate new business or strengthen existing relationships, a presence at BIOFUELS 2011 will help you achieve your business objectives.

LIMITED OPPORTUNITIES AVAILABLE

There are a limited number of sponsorship, exhibition and branding opportunities available – book now to secure your place amongst the leading biofuels companies around the world and be part of this industry acclaimed event.

Please contact:
 Rhis Edwards, Commercial Director
 ☎ +44 (0) 207 067 1800

To register visit www.wraconferences.com/biofuels or call +44 (0) 207 067 1800 or email k.magnusson@theenergyexchange.co.uk

PRE CONFERENCE WORKSHOPS: TUESDAY 11 OCTOBER 2011

08:30 Pre-conference workshops registration and coffee

WORKSHOP A: Biofuels sustainability policy, certification schemes and iLUC

09:00 Understanding and complying with EU sustainability policy

- ◆ Analysing EU policy direction and compliance issues
- ◆ Key measurements to create comprehensive and compatible benchmarking
- ◆ What are the latest developments and implications of biofuels certificate policies?

Uwe Fritsche, Coordinator, Energy & Climate Division, Oeko-Institut, Germany

10:30 Morning coffee and networking

11:00 Implementing the Renewable Energy Directive and iLUC

- ◆ Establishing key measurements for comprehensive and compatible benchmarking
- ◆ How is iLUC being measured and is it being done effectively?
- ◆ Practical iLUC modelling and monitoring schemes

13:00 Lunch and networking

WORKSHOP B: Delivering efficient, high performance and sustainable biofuels

14:00 Understanding and complying with EU sustainability policy

- ◆ Feasibility of biofuel production – delivering higher yields, lower production costs, technology selection criteria, optimisation of biodiesel quality and stability
- ◆ Ensuring sustainability and maximum performance
- ◆ Overcoming project challenges and comparing costs and effectiveness of available biofuel technology

Christian Hemerka, Market & Sales Partner, PPM Energie aus nachwachsenden Rohstoffen GmbH, Austria

15:30 Afternoon coffee and networking

16:00 Next generation biofuels production

- ◆ Delivering low cost, sustainable cellulosic ethanol technology in order to increase your market share
- ◆ Improvements in conversion processes of 2nd generation biofuels
- ◆ Integrating processes for biomass conversion and emerging technology to enhance performance

Dr Namdar Baghaei-Yazdi, Chief Technical Officer, Biocaldol Ltd., United Kingdom

17:00 End of pre-conference workshops

17:15 Welcome Drinks Reception 

CONFERENCE DAY ONE: WEDNESDAY 12 OCTOBER 2011

08:45 Conference opening address and business card exchange – Meet your fellow attendees!

08:50 Biofuels: a sustainable, low CO2 alternative today

- ◆ Biofuels as a realistic commercial solution to reduce CO2 in transport fuels
- ◆ Building capacity in today's transport biofuels
- ◆ Developing CO2 and sustainability standards in biofuels
- ◆ Leading the development of advanced biofuels

Arthur Reijnhart, General Manager Alternative Energies and Fuel Development Strategy, Shell, The Netherlands

09:10 Understanding global commercial opportunities for the European biofuels market

- ◆ Gaining insight into the Brazilian biofuels market and Raizen's experience within it
- ◆ European Commissions transport fuels objectives energy and climate policies and latest biofuels
- ◆ A view from the automotive industry – meeting the demands for sustainable biofuels. The 2020 renewable energy targets for transport and challenges for vehicle manufactures
- ◆ Understanding what sustainability mean for the biofuels industry. A global perspective of developments in the biofuels industry
- ◆ Biofuel sustainability, voluntary certification and the EU RED

Theofilo Lacroze, Executive Director Supply & Trading, Raizen, Brazil

Dr Pierre Dechamps, Adviser for Energy, Climate Change and the Environment, European Commission, Belgium

Dorothee Lahaussais, Senior Specialist, Regulatory & Technical Affairs, Fuel & Biofuels, Toyota Motor Europe, Belgium

Martina Otto, Head of Policy Unit, Energy Branch, United Nations Environment Programme, France

Alwin Kopse, Executive Secretary, Roundtable on Sustainable Biofuels, Switzerland

10:50 Interactive Q&A panel discussion

11:00 Morning coffee and networking

After the morning coffee break Biofuels 2011 will split into two concurrent streams. Attend the stream which is most relevant to you

“ An excellent conference with a great line up of speakers ”
Richard Mills, Head of Strategy, UK and Ireland, **Boeing**

11-13 October 2011,

AMSTERDAM, THE NETHERLANDS

www.wraconferences.com/biofuels

BIOALCOHOLS STREAM

11:30 Commercialisation and project challenges facing bioalcohol producers

- ◆ Refining activities and achieving the 10% renewable energy target in 2020. Addressing availability of sustainable biofuels and global needs for advanced biofuels
- ◆ Ensuring commercial viability of sustainable ethanol. Current and new routes to sustainable biofuels
- ◆ Identifying and overcoming barriers to commercial scale production
- ◆ Scaling up your project by effectively mapping commercialisation challenges
- ◆ What Europe can learn from bioalcohol commercialisation successes overseas
- ◆ Reduced Risks for scaling up your project with a flexible control system

Robert Gmyrek, Director of Biofuels Department, **PKN ORLEN**, Poland
Dr Albrecht Schaper, Managing Director, **Fuel 21**, Germany
Bengt Olof Johansson, Managing Director, **Lantmännen Agroetanol**, Sweden

Dr Claus-Peter Haelsig, Vice President Process & Technology, **Fluor**, Germany

Volker Hirsch, Project Manager, **Siemens**, Germany

12:45 Interactive Q&A panel discussion

13:00 Lunch and networking

14:30 Advanced bioalcohol and cellulosic ethanol production strategy and technology update

- ◆ ILUC - integration into the current sustainability certification schemes
- ◆ Sustainable production of cellulosic ethanol from agricultural residues: the sunliquid process
- ◆ Scaling up next generation biofuels to commercial level and discovering the key to commercialised cellulosic ethanol
- ◆ Delivering the renewable fuels aspiration: advances in biobutanol
- ◆ Developments in enzyme technology and its impact on advanced bioalcohol products

Sigrid Brynestad, Principal Project Manager, **DNV Climate Change & Environmental Services**, Norway

Dr. Jochen Gerlach, **Sud-Chemie**, Germany

Christian Morgen, Senior Manager, Business Development & Marketing, **Inbicon**, Denmark

Dr. Elke Hofmann, Commercial Director, Europe, **Butamax™ Advanced Biofuels LLC**, USA
Developments in design technology

Anders Lau Tuxen, Energy Strategist, **Novozymes**, Denmark

15:45 Interactive Q&A panel discussion

16:00 Afternoon coffee and networking

After the afternoon coffee break Biofuels 2011 will revert back to plenary sessions

16:30 A new world for biofuels: Regional analysis and opportunities in global markets

- ◆ Analysing the rapidly expanding biodiesel markets and rising ethanol production in South America
- ◆ Impact of increasing biofuels production and national action plans of renewables in the CEE
- ◆ Prospects and challenges in developing Asia's biodiesel, ethanol and biomass opportunities
- ◆ Investigating biofuels demand, trading and investment opportunities and regional support for biofuels in India
- ◆ Biofuels in developing biofuels markets and countries in Africa

BIO AND RENEWABLE DIESEL STREAM

11:30 Analysing global biodiesel market dynamics and commercialisation of biodiesel products

- ◆ Impact of current and future policy on the global biodiesel industry's ability to produce biodiesel economically and sustainably
- ◆ Renewable Fuels Case Study: Commercial scale technologies for the production of Green Diesel and Green Jet Fuel
- ◆ Ensuring commercial viability of sustainable biodiesel. Current and new routes to sustainable biofuels
- ◆ Axens vegan technology: from vegetable oil and other renewable lipids to transportation fuel
- ◆ The role of pyrolysis as the starting point of bio refineries and biodiesel production

Gene Gebolys, President, **World Energy**, USA

Jim Woodger, Renewable Sales Manager, **UOP**, UK

Frans Plantenga, Technical Director Alternative Fuel Technologies, **Albermarle**, The Netherlands

Antoine Fournier, Deputy Product Line Manager - Middle Distillate Hydrotreatment, **Axens**, France

Gerhard Muggen, Managing Director, **BTG Bioliquids BV**, The Netherlands

12:45 Interactive Q&A panel discussion

13:00 Lunch and networking

14:30 Producing advanced biodiesel and developing new opportunities: the latest strategic and technological changes

- ◆ Green drop in fuels and renewable diesel. Assessing the importance of advanced drop-in-fuels and how they compare with first generation fuels
- ◆ Producing advanced hydrocarbon biodiesel and learning how to create an artificial metabolic pathway to convert renewable resources into isobutene
- ◆ Fuels from the forest: deployment of the Chemrec gasification technology
- ◆ Sustainable and competitive second generation biodiesel. Developing new biofuels pathways
- ◆ Jatropha curcas for use in aviation industry: carbon sustainability case study

Tarja Myllymäki, Director, Product Compliances, **Neste Oil Corporation**, Finland

Thomas Buhl, Head of Business Development,

Global Bioenergies, Germany

Patrik Löwnertz, Vice President Sales & Marketing, **Chemrec**, Sweden

Paul O'Connor, Director, **BIOeCON**, The Netherlands

Richard Morgan, Chief Executive Officer, **Sun Biofuels**, UK

Adrian Mason, Business Development Manager, **Inspectorate**, UK

15:45 Interactive Q&A panel discussion

Carlos St. James, Managing Director, **Santiago & Sinclair**, Board Member, **Latin American & Caribbean Council on Renewable Energies**, Founder & President, **Argentine Renewable Energies Chamber**,

Ivan Soucek, Former Chairman & Chief Executive Officer, **Ceska Rafinerska**, Czech Republic

Khoo Hock Aun, Chief Executive Officer, **Cosmo Biofuels**, & Vice-Chair, **Roundtable on Sustainable Biofuels**, Malaysia

Mallikarjun Navalgund, Head of European Operations, **Praj Industries**, India

Meghan Sapp, Secretary General, **PANGEA**, Belgium

17:45 Interactive Q&A panel discussion

18:00 **WRA Biofuels Awards 2011 Ceremony** 

Argentina

To register visit www.wraconferences.com/biofuels or call +44 (0) 207 067 1800 or email k.magnusson@theenergyexchange.co.uk

CONFERENCE DAY TWO: THURSDAY 13 OCTOBER 2011

09:00 **Advanced biofuels: the sustainable transition to low carbon transport**

Philippe Marchand, Director of Biofuels and Regulations, Total Refining & Marketing, France

09:20 **Creating a market for sustainable aviation biofuels**

- ◆ Understanding the current status of aviation biofuels from an airlines perspective. Drivers and targets for use of biofuels in aviation and overcoming hurdles to commercial reality
- ◆ What are the main challenges for challenges for integrating biofuels into the aviation supply chain?
- ◆ Evaluating the main technological and safety challenges in aviation biofuels
- ◆ Enhancing value through tailored oils in the aviation industry

Dr Mark Watson, Head of Environmental Affairs, Cathay Pacific, Hong Kong

Dirk Kronemeijer, Managing Director, SkyNRG, The Netherlands

Frederic Eychenne, New Energies Programme Manager, GDD – Environmental Affairs, Airbus, France

Jonathan Wolfson, Chief Executive Officer, Solazyme, USA

10:40 **Interactive Q&A panel discussion**

Keynote Address

Aviation session

10:50 Morning coffee and networking

11:20 **Sustainability developments in first and second generation biofuels**

- ◆ Promoting biofuels that protects biodiversity and food production. Making effective use to global resources and achieving sustainability along the biofuels supply chain
- ◆ How will food/fuel competition continue to affect scarce commodities and what is the long-term feedstock security picture for first and second generation biofuels?
- ◆ Improving yields, quality and processes to convert non-food biomass into next generation biofuels
- ◆ Examining methods, research, development and production of advanced, 2nd and 3rd generation biofuels

Senior Representative, North Sea Group, The Netherlands

Riggs Eckelberry, Chief Executive Officer, OriginOil, USA

Alan Rae, Chairman, KL Energy, USA

12:20 **Interactive Q&A panel discussion**

12:30 Lunch and networking

After the morning coffee break Biofuels 2011 will split into two concurrent streams. Attend the sessions which are most relevant to you

BIOALCOHOLS STREAM

14:00 **Assessing feedstock developments and the role of complementary markets in bioalcohol production**

- ◆ Effectiveness of sugar beet as a sustainable feedstock for bioethanol: a case study from British Sugar
- ◆ Maximising profit margins through multiple feedstock processing options
- ◆ Drivers for the latest commercial and economic opportunities in Brazilian ethanol
- ◆ Understanding the role of ethers in the bioalcohol market
- ◆ Waste as feedstock: developing more waste to ethanol refineries and processes

Richard Stark, Advocacy Manager Renewables, British Sugar, United Kingdom

Bernard Chaud, Vice President for Biofuel Development, Tereos, France

Géraldine Kutas, Head of International Affairs, UNICA, Brazil

Dr Walter Mirabella, Chairman, Biofuels Team, EFOA (The European Fuel Oxygenates Association), Belgium

15:30 **Interactive Q&A panel discussion**

15:40 Afternoon coffee and networking

BIO AND RENEWABLE DIESEL STREAM

14:00 **Successfully producing advanced diesel biofuels and assessing feedstock developments in biodiesel production**

- ◆ Considering commercial potential of integrated biorefineries and effectively producing multiple products
- ◆ Efficiently producing environmentally optimised synthetic biofuel
- ◆ Delivering low cost, sustainable biodiesel production and improving conversion processes of second generation biofuels
- ◆ UCO, Biodiesel and commodity trading
- ◆ Improving the economics of using algae as a feedstock for biodiesel production through transgenic control of algae genes

Clas Engstrom, Chief Executive Officer, Processum, Sweden

Allan Lim, Chief Executive Officer & Co-Founder, Alpha Biofuels, Singapore

Dirk den Ouden, Director, New Business Development, Avantium, The Netherlands

Erik Lytikainen, Director of Development & Trading,

Greenlight Biofuels, USA

Doug Frater, President & CEO, Global Green, & Managing Partner, Sigma Consult, United Kingdom

15:30 **Interactive Q&A panel discussion**

After the afternoon coffee break Biofuels 2011 will revert back to plenary sessions

16:00 **Interactive roundtable discussions**

The roundtable discussion groups provide you with a range of different discussion topics and is the ideal place for you to meet face-to-face with some of the key speakers and your peers in small groups. You will be able to choose between the tables and change subject tables twice to discuss specific issues and ideas that have arisen over the course of the day in an interactive environment.

Roundtable 1: Opportunities and challenges in bioethanol production

Roundtable 2: Opportunities and challenges in biodiesel production

Roundtable 3: Regional biofuels analysis and opportunities

Roundtable 4: Future feedstock and availability

Roundtable 5: New possibilities in advanced biofuels

17:15 End of conference

** Please note, the booking form must be authorised before we can proceed with the registration*

To register more delegates, please photocopy this booking form. Group discounts are available for more than 3 registrants, please email a.sterian@theenergyexchange.co.uk for further information

TERMS AND CONDITIONS OF REGISTRATION

WHAT IS INCLUDED IN THE FEE?

- Access to all presentations and networking opportunities
- All food and refreshments during the conference sessions (excludes evening meals)
- All post conference presentation slides and notes for training purposes
- Access to international subject matter experts
- Access to exhibition room
- On-site assistance with networking
- Pass to attend the hosted drinks reception (where applicable)

WHEN DO I PAY?

On receiving your completed registration form, we will send an official confirmation and invoice within 3 days. Payment of the full delegate fee is due 14 days from the invoice date, or immediately with registration if the booking is made within one month of the event. In the event that payment has not been received before the start of the event, delegates will be refused entry. We recommend you check with your finance department that payment has been made before travelling to the conference.
CANCELLATION POLICY: Cancellations made within 48 hours of receipt of the completed registration form will be eligible for a full refund. Cancellations received in writing more than one month prior to the start of the event will be refunded less a 50% cancellation fee. Cancellations received in writing within one month of the start date of the event will receive no refund and registrants will be liable for payment of 100% of the invoiced amount. A substitute delegate can be named at any time before the event starts and no fees will be applied to this.

ADMINISTRATION TERMS AND CONDITIONS

OFFICIAL VENUE AND ACCOMMODATION: Biofuels 2011 is in Amsterdam, The Netherlands. The cost of hotel accommodation is not included in the conference fee. Please contact Natasha Harwood via email n.harwood@theenergyexchange.co.uk for further venue information and a hotel booking form
LANGUAGE: The official conference language will be English.
CUSTOMER SERVICES: For questions concerning your registration attendance, visa support and invoice payments, please contact our Customer Services Department, Tel: +44 (0) 1242 529 090, Fax: +44 (0) 1242 582 157
IMPORTANT NOTES: This booking form constitutes a legally binding contract. It may be necessary for reasons beyond the control of Clarion Events to change the content and timing of the programme, the speakers, the date or the venue. In the unlikely event of the programme being cancelled, Clarion Events will issue a credit note or make a full refund but disclaim any further liability. By submitting your details, you agree to the use of your personal information as set out in our privacy policy which can be found at www.wraconferences.com
