

INTRODUCTION

The increased oil and gas production, coupled with the growing need for investment activity in the region presents a perfect opportunity for industry players to gain access to up-to-date information and key decision making contacts, and discover potential openings in this competitive and fast moving sector.

Now in its 9th year, the Oil and Gas Transportation in the CIS and Caspian Region will provide its participants with a unique opportunity to attend:

- Formal sessions providing a wealth of information on the region's pipeline and exports projects development
- Interactive and informal discussions with industry's leading experts, senior decision makers, key players and government representatives
- Dedicated exhibition and working demonstrations of new technologies in pipeline industry

Join industry experts, state and federal regulators, owners, and solution-providers as they come together in this conference, which has proved itself as a definitive high-level industry forum for everyone involved in oil and gas export projects.

This is THE pipeline conference you cannot afford to miss!

WHO SHOULD ATTEND?

- CIS, Caspian and International Oil & Gas Companies
- Pipeline Equipment Manufacturers & Suppliers
- International & Regional Engineering & Contracting Companies
- CIS & International Banking Groups
- Fund Managers, Brokers & Financial & Industry Analysts
- Multilateral agencies & Regulatory Authorities
- International Lawyers, Specialist Advisors, & Management Consultants
- Oil & Gas Traders

OIL & GAS TRANSPORTATION IN THE CIS & CASPIAN REGION

9TH ANNUAL MAJOR PIPELINE & EXPORTS PROJECTS CONFERENCE – 18-20 September 2007 - Intercontinental Wien Hotel, Vienna, Austria

TUESDAY 18 SEPTEMBER 2007

PIPELINE TECHNICAL WORKSHOP

The Pipeline Technical Workshop will focus on the key issues paramount for owners, designers, financiers, suppliers, constructors and operators of pipelines, and will offer an unrivalled gathering of the world's experts with the capacity to deliver practical solutions to pipeline technical issues.

08.00 Workshop Registration and Coffee

09.00 SESSION 1 PIPELINE DESIGN AND CONSTRUCTION

- Pipeline design and construction: materials selection, codes and standards, quality management, climate considerations.
- Welding methods applied in pipeline construction, regarded under the aspect of economic efficiency.
- State of the art and trends in production processing and use of HTS pipes made from TM hot rolled strip.
- Finance and leasing: securing investment, licences and permits.

- **Franz Martin Knoop**, Managing Director, **SALZGITTER GROEBROHRE GMBH**
- **Wynhold Wijnholds**, Managing Director, **MAGNATECH EUROPE BV**

10.30 Coffee Break

11.00 SESSION 2 PIPELINE OPERATION AND INTEGRITY MAINTENANCE

- Controlled operational emergency shut down (COESD) procedures.
- SCADA based leak detection and leak location for pipelines.
- Pipeline IT Platform - Information Management to optimize cost structure throughout the pipeline/asset lifecycle (design, construction and operation).
- Remote area monitoring: remote sensing, phone communications and satellite imaging.

- **Karim Elhanafi**, Senior Project Manager, **MS. GIS**
- **Michael Kasch**, Managing Director, **3S CONSULT MÜNCHEN GMBH**
- **Tobias Walk**, Head of Department, Automation & SCADA-Systems, **ILF BERATENDE INGENIEURE GMBH**

12.30 Lunch

14.00 SESSION 3 PIPELINE INSPECTION AND DIAGNOSTIC

- Assessing the effectiveness of pipeline inspection with the EMAT ILI-Tool.
- In-Line inspection of pipelines for metal loss and cracks.
- A new above ground inspection technique for unpiggable pipelines.
- Strategies to prepare and clean pipelines before and during the inspection.
- Quality control in pipeline systems construction.
- Pipeline lifetime monitoring and assessment technology.

- **Guennadi Krivoi**, Head of Research and Development Department, **NP INSPECTION SERVICES GMBH**
- **Hilko den Hollander**, Product Manager Leak Detection Systems, **KROHNE OIL & GAS**

15.30 Coffee Break

16.00 SESSION 4 RELIABILITY AND REPAIR OF PIPELINE SYSTEMS

- New solutions for pipeline operational systems safety and reliability.
- Latest technologies of pipeline protection against corrosion.
- Repairing the damaged areas: welding, joining, micro-tunnelling, re-insulation
- Pipe replacement and emergency repair in low temperatures.
- Environmental safety of pipeline construction and operation.

- **Irina Gladkikh**, Technical Director, **R&D CENTRE POISK**

17.30 End of Workshop

DAY ONE: WEDNESDAY 19 SEPTEMBER 2007

MAIN CONFERENCE AGENDA

09.00 SESSION 1 GOVERNMENT POLICIES AND LEGISLATION UPDATE FOR OIL AND GAS TRANSPORTATION IN RUSSIA, CIS AND CASPIAN COUNTRIES

- Standing at the transportation crossroads: how much oil and gas will flow to the East and how much will flow to the West? What transportation agreements are likely to be implemented in the next year?
- Russia's role in international energy security in the aftermath of the G8 Summit.
- Regional policies of the Caspian governments on oil and gas volumes, major export routes and pipeline expansion.
- An overview of the United States policy for oil and gas supplies from Russia, the CIS and the Caspian.

- **Igor Korzhov**, Advisor to the Director / **Vadim Rybin**, Head of Oil Industry Department, **FEDERAL ENERGY AGENCY, Russia**
- **Serhiy Korsunskiy**, Director General, Directorate General for Economic Cooperation, **MINISTRY OF FOREIGN AFFAIRS, Ukraine**
- **Gligor Tashkovich**, Minister, **MINISTRY OF FOREIGN INVESTMENT, REPUBLIC OF MACEDONIA**

10.30 Coffee Break

11.00 SESSION 2 CURRENT TRENDS AND FORECASTS FOR RUSSIA AND CASPIAN REGION

- Russia's role in diversification of sustainable global energy supplies.
- Current trends and forecasts for supply and demand of exports of Russian oil and gas to market.
- Russia's export tariffs: analysing Russia's position on crude oil export duties in light of the winter dispute between Russia and Belarus.
- Assessing current position of Russia on natural gas prices.
- Transneft's present and future plans to expand its infrastructure to maximise crude oil exports.

- **Sergei Evlakhov**, Vice-President, **TRANSNEFT**
- **Sergei Pankratov**, Head of Further Development Department, **GAZPROM**

12.30 Lunch

14.00 SESSION 3 PIPELINE AND EXPORT PROJECTS FOR RUSSIAN OIL AND GAS DELIVERIES: MAJOR PROJECTS UPDATE

- Key priorities, current results and future objectives of Russian companies in oil and gas projects.
- North European Pipeline - the current state of play: update on the project progress achieved so far.
- Latest updates on extending Baltic Pipeline System and increasing the capacity of Primorsk port.
- Druzhba extension plans: what is the best strategy to get oil through the Adriatic pipe to Vienna and what is the Russian current position?
- Analysing proposed plans for extending a Russian-Turkish gas pipeline to southern Europe.

- **Nick Pogson**, Commercial Manager, **RUSIA PETROLEUM**
- **Andre Van Der Werff**, European Sales Manager, **BRENNTAG**

15.30 Coffee Break

16.00 SESSION 4 EXPORTS FROM RUSSIA AND CASPIAN TO INTERNATIONAL MARKETS. ISSUES AFFECTING TRANSIT AND SUPPLY

- The role of the EU in shaping the global rules of the game in energy sector of 21st century. Political and economic aspects.
- Examining transit of gas through Ukraine: relationship with Russia and reliability of supply. Analysing Ukraine's investment programme in its oil transportation infrastructure to provide alternative transit routes for the EU.
- An update on Burgas-Alexandropolis and prospects for Russian oil deliveries to Italy, Greece and Israel via Turkey.
- Pan-European Pipeline from Constance to Trieste and the AMBO project.
- An update on Odessa-Brody flow-reversal.
- The progress on shipments from the Caspian Sea through Georgia to Ukraine.

- **Deividas Matulionis**, Director of Economic Security Policy Department, **MINISTRY OF FOREIGN AFFAIRS OF THE REPUBLIC OF LITHUANIA**
- Senior Representative, **NAFTOGAZ OF UKRAINE**
- **Christos Dimas**, Director of Joint Venture, **HELPE-THRAKI**
- **Ted Ferguson**, President and CEO, **AMBO**

17.30 End of Day One. Evening Cocktail Reception

DAY TWO: THURSDAY 20 SEPTEMBER 2007

08.00 Conference Registration & Coffee

09.00 SESSION 5 PIPELINE AND EXPORT PROJECTS FOR CASPIAN OIL PRODUCTION

- Assessing opportunities for export of oil and gas production from the Caspian.
- Latest developments in Caspian infrastructure. What opportunities are there for exports of Caspian production to the European markets?
- CPC and its expansion: what is the legacy of the divergent approaches and disputes over how CPC should proceed?
- Assessing impact the opening of BTC had on the exports from the region. What are the implications for Baku-Novorossiysk and Atyrau-Samara pipelines?
- Kazakhstan Caspian Transportation System's plans for moving crude oil from Kashagan field.

- **Luis Coimbra**, General Manager, Marketing and Transportation, **CHEVRON TEXACO**
- **Nabil L. Khodadad**, Partner, **CHADBOURNE & PARKE LLP**

10.30 Coffee Break

11.00 SESSION 6 PIPELINE AND EXPORT PROJECTS FOR CASPIAN GAS PRODUCTION

- Nabucco Gas Pipeline: current schedules, development options and project adjustments, transit and investment issues.
- Exploring transit issues of exports from the Central Asia and Azerbaijan through Turkey, Greece and Bulgaria.
- Latest export plans from Azerbaijan, Kazakhstan and Turkmenistan to Iran in the light of the current political situation in the region.
- What projects are being developed to respond to the growing demand for gas in India and Pakistan?
- Georgia's role in regional and European energy markets security of supply.

- **Johann Gallistl**, Procurist Nabucco Gas Pipeline International, **OMV GAS INTERNATIONAL GMBH**
- **Alexander Khetaguri**, General Director, **GEORGIAN OIL AND GAS CORPORATION**

12.30 Lunch

14.00 SESSION 7 EXTENDED FOCUS ON RUSSIAN AND CASPIAN OIL AND GAS DELIVERIES TO THE FAR EAST

- East Siberian Pipeline: Analysing route and construction schedule issues. Construction of which segment is likely to take priority – Chinese or Japanese?
- Update on Sakhalin-I, II and III. Analysing plans for Russia's Far East exports. Is Russian production likely to be tankered or linked via pipelines?
- Reaching Far East markets through proposed Russia – China pipelines: assessing pricing and feasibility issues.
- China and Kazakhstan - Examining results of feasibility study for construction of oil and gas pipelines from Caspian to China.
- Kazakhstan – China crude pipeline: update on the progress of the project. When is pipeline likely to reach its full capacity?
- Project finance and investment: from potential risks and pitfalls to profitable investment opportunities.

- **Peter Van Driel**, Transportation Manager for the CIS, **SHELL**
- **Richard Smellie**, Head of International, **FENWICK ELLIOTT LLP**

15.30 Coffee Break

16.00 SESSION 8 LNG AND SHIPPING TRANSPORTATION

- Getting CIS and Caspian gas to market; in pipe or on keel? Risks and opportunities with pipelines vs LNG.
- Liquefied natural gas: economic and technological aspects; priorities and prospects of LNG export; opportunities of LNG equipment supply by Russian enterprises.
- Assessing the current boom in LNG terminals as Russia strives to gain access to the flexible and growing LNG market.
- The latest plans for building LNG hubs in Murmansk and Ust-Luga: considering investment, engineering and safety issues.
- Discussing future plans for gas liquefaction in Turkey for further shipments: Will Ceyhan become the energy hub for LNG?
- An update on Caspian tanker services.

- **Nils Andreas Masvie**, Regional Director, Russia, Kazakhstan and Caspian / **Jan Koren**, Head of Marketing and Business Relations, **DNV**
- Senior Representative, **KAZMORTTRANSFLOT**

17.30 End of Conference

WHY YOU SHOULD ATTEND THIS EVENT

- **GAIN** an insight into the updates of the major pipeline and export projects in the regions.
- **ANALYSE** key political, financial and legal issues with senior industry decision-makers.
- **DISCOVER** the latest developments in pipeline construction, maintenance and control, as well as cost-effective solutions to modernise your pipelines.
- **NETWORK** during formal sessions, interactive and informal discussions, as well as dedicated exhibition and working demonstrations of new technologies in pipeline industry.
- **MEET** your peers, competitors and potential clients, and ESTABLISH new business relationships.

SPONSORSHIP & EXHIBITION OPPORTUNITIES

Now in its 9th year, the Oil and Gas Transportation in the CIS and Caspian Region conference is the definitive arena for your company to raise your profile, promote your services and extend your network of contacts. Support for the conference will provide a unique opportunity for your organisation to establish yourself as an influential market leader and to communicate your message to senior-level decision makers.

With a special emphasis on technical challenges facing pipeline projects, this year's event offers you an unrivalled opportunity to take part in the exhibition and to present your products and services to a tightly defined and targeted audience.

CONFIRMED EXHIBITORS INCLUDE:

Do not miss this opportunity to showcase your organisation's products and technologies to a highly targeted audience of leading experts in the pipeline industry!

LIMITED SPACES AVAILABLE

To discuss your exhibition or sponsorship requirements in further detail, please contact Jekaterina Golodnikova, Conference Manager on: Tel: + 44 (0) 207 067 1800 or email: j.golodnikova@theenergyexchange.co.uk

PAYMENT – TERMS AND CONDITIONS

Confirmation

Our official confirmation, invoice and hotel booking details will be emailed to you within three days of receiving your registration.

Payment

Payment of the full delegate fee is due 14 days after the invoice date, or immediately, if the registration is made within one month of the event. Our invoice will show your registration fee in three currencies: UK Pounds, Euros and US Dollars. Our full bank account details are on the invoice. Please note your booking is valid only after full payment is received. We recommend you check with your Finance Department that payment has been made before travelling to the conference.

Cancellations

Made one month prior to the start of the conference will be refunded less a 50% administrative charge. Refund will be made after the conference. Made within one month of the start date of the conference will receive no refund. Substitutes are acceptable at any time.

Force Majeure

Please note that in the case of force majeure, The World Refining Association is relieved of all obligations. Force majeure includes any circumstance beyond the will of The World Refining Association, that impedes permanent or temporary compliance with the obligations, such as "acts of god" including war, danger of war, government regulations, revolts, strikes, transportation difficulties, fire, or severe disturbances affecting the congress organisation or its suppliers.

ADMINISTRATION – TERMS AND CONDITIONS

Official Venue and Hotel Accommodation

The Intercontinental Wien Hotel, Johannesgasse 28, 1037 Vienna, Austria. Tel: +43 1 711 220, Fax: +43 1 713 4489. The cost of the hotel accommodation is not included in the conference fee. The Energy Exchange Ltd has negotiated preferential rates at the hotel (single room €219, double room €239), rates are inclusive of all tax and service charges for delegates attending the event. Please contact Natasha Harwood via email on n.harwood@theenergyexchange.co.uk for a hotel booking form.

Registration Fee

The registration fee covers attendance at all sessions, refreshments, lunches, receptions and documentation containing the speaker presentations. Please note it may be necessary to alter the content or timing of the programme or its speakers.

Language

The official conference language will be English with Russian simultaneous translation.

Customer Services

For questions concerning your registration, attendance, visa support and invoice payments, please contact our Customer Services Department, Tel: +44 (0)1242 529 090, Fax: +44 (0)1242 582 157.

VENUE

The Energy Exchange Ltd is delighted to announce that it will host the 9th Annual Oil and Gas Transportation in the CIS and Caspian Region Conference on 18 – 20 September 2007 at the Intercontinental Wien Hotel.

The Intercontinental Wien lies in the very heart of Vienna, opposite the Stadtpark, just a few minutes walk from Ringstrasse, the State Opera, Concert Halls, St Stephen's Cathedral and Imperial Hofburg Palace. The Hotel is centrally located, a stone throw away from the pedestrian area where you can find shops, restaurants, bars and much more and also the business district. Enjoy the fascinating city, Vienna, a name intertwined with dreams of imperial splendour, of opera, balls, waltzes and coffee houses.

TESTIMONIALS FROM THE 2006 EVENT

"Very interesting, high – level, strategic event. One of very few events I consider worthwhile attending"
Joanna Buzar, Head of Strategic Planning Division, **PGNiG S.A.**

"Excellent conference! Very professional organisation"
Luis Coimbra, General Manager, Marketing & Transportation, **CHEVRON TEXACO LTD**

"Valuable conference, extensively highlighting all the transportation issues!"
Sabr Yessimbekov, Deputy General Director, **KAZTRANSOIL**

"Excellent range of participants, good topics"
Nikolay Ljvovich Kolesnikov, Vice-President, **SOVCOMFLOT**
