# RUSSIA OFFSHORE 2009

## WHY THIS EVENT?

Following the outstanding success of the 3<sup>rd</sup> Annual Russia Offshore Meeting that attracted over 250 senior level attendees, The Energy Exchange Ltd will host this highly targeted, highly focused and very timely event once again in Moscow on 4-6 February 2009.

With global oil and gas activity shifting towards offshore resources, the development of oil and gas reserves on the Russian continental shelf is viewed as key to the stability of further oil and gas supplies worldwide. The development of its vast offshore oil and gas fields remains one of Russia's main economic priorities for the coming years, opening numerous opportunities to both international and domestic oil and gas operators, technical suppliers and investors. The forthcoming amendments to laws on investments and PSAs will define the course of this development.

New for 2009, the Russia Offshore 2009 Meeting will commence with a Technical Workshop on 4 February which will provide attendees with the unique opportunity to get an in-depth look into technical issues affecting offshore developments, new solutions and latest technologies within the region. The main conference will follow on 5 and 6 February when our panellists will discuss the latest government policies and strategies for the development of offshore resources, relevant legislative amendments, updates on major offshore projects and investment opportunities.

Gathering key players from across the region, this MUST ATTEND event will bring delegates up to date on all issues affecting the industry as well as provide unrivalled business and networking opportunities.

## ABOUT THE ENERGY EXCHANGE

The Energy Exchange has achieved worldwide recognition for the organisation of high level, strategic and technical conferences within the upstream oil and gas sectors. Our industry lead events are renowned as market leaders within this global industry. Due to our strong and long standing relationships with governments and all of the major oil and gas producers worldwide, we ensure our events consistently tap into the key issues affecting the industry and we bring together the principle influencers to share their thoughts, ideas and vision with you, our audience.

Our annual events take place across the globe in Europe, CIS, Russia, Middle East and Asia. They take centre stage in the oil and gas calendar together with our awards which are increasingly becoming a sought after commodity to highlight best practice excellence within the industry.

## WHO SHOULD ATTEND?

- Presidents, Vice Presidents and Managing Directors
- Heads of Offshore, Subsea and LNG
- Heads of Russia and the CIS
- Technical Directors and Geologists
- Managers of LNG Terminals
- Managers of International Relations
- Directors of Regulatory Bodies
- Business Development Directors and Managers
- Business Strategy Directors and Managers
- Marketing Directors and Managers
- Industry Analysts and Consultants
- Financiers, Lawyers and Gas Traders

## TESTIMONIALS FROM THE 2008 CONFERENCE

"The 2008 event has been even more interesting and informative. The Conference organisers excelled in arranging topical presentations and great opportunities for attendees to exchange their views. We hope "Russia Offshore 2009" will be of even higher level."

**Vladimir Osmanov, GAZPROM**

"We would like to express our gratitude to the organisers, The Energy Exchange Ltd, for the opportunity to share our experience, exchange views and information, build partnership relations with representatives of energy industry players. A high level of organisation, excellent networking and a professional approach of the Conference management team are noteworthy. We hope for our further fruitful cooperation."

**Yuriy Baratynskiy, TMK**

"This extremely useful and informative Conference provides experts with a great opportunity to exchange their views, establish new contacts, discuss important issues and search for the best solutions. The Conference agenda is extremely topical and well-compiled."

**Larissa Ruban, INTERGOVERNMENTAL COUNCIL FOR OIL AND GAS COOPERATION OF THE CIS**

# Why you should attend the 4<sup>th</sup> Annual Russia Offshore Meeting

Following the tremendous success of the three previous offshore events, this exceptionally timely content-driven conference, has already become the meeting place for senior decision makers from Russia's oil and gas majors, international and domestic leading technology companies and those organisations operating or interested in the development of oil and gas resources on the Russian continental shelf.

In a climate of increasing energy demand and rising market uncertainty, it is of ongoing importance to raise topics of exploration and production of newly discovered offshore fields, tough global investment climate, security of supply, regulation and delivery of energy resources from the Russia offshore fields to local and international markets.

Bringing together over 250 senior representatives from the industry, The Russia Offshore Conference 2009 is your chance to meet with leading industry experts and the decision makers who can make a difference to your business.

## Event highlights:

- Topical presentations and discussions covering key issues identified by offshore industry leaders.
- Opportunity to meet with both high quality speakers and high quality attendees.
- Pre-conference Technical Workshop providing a special focus on technological challenges faced by the region's sector and innovative solutions.
- Dedicated exhibition showcasing latest technologies and providing a rich networking opportunity.
